Give your patients the very best surroundings for the treatments you are providing.

New Age - Dental Day Procedure Centre, is a purpose built, truly state of the art Day Procedure set-up for the Dental Profession.

With a welcoming feel and a touch of luxury, your patients will be relaxed and comfortable at our centre. Plus, you and your team will have access to the very best technology and support.

Recognised by the Department of Health and Human Services, our centre is the very first of its kind and provides you with everything you need to perform the dental procedures your patients need without a visit to a hospital.

A More Comfortable Experience for Your Patients

New Age - Dental Day Procedure Centre is a world-class facility is available to general and specialist dentists who wish to treat their patients under general anaesthetic safely. The feedback from patients treated at this boutique-style facility has been extremely favourable. The surroundings are more comfortable, friendlier and less intimidating than a standard hospital environment, which is perfect for anyone who feels anxious or nervous when receiving dental care.

Our facility is Your facility

If you would like to add the New Age - Dental Day Procedure Centre to your suite of services, we have developed a template information brochure and website content that can be downloaded and used by you. We even have blog posts and Facebook content you can use.

Mentoring from our Anaesthetist

With over 10 years experience, Dr Ravi Bangia is an Anaesthetist and Intensive care physician working across leading private and public hospitals in Melbourne

The benefits for your patients having procedures at New Age Dental under General Anaesthesia are not limited to pleasant patient experience only but also includes:

The patients are carefully assessed for their suitability for fitness under General Anaesthesia by well experienced Anaesthetists working in major private and public hospitals in Melbourne. This process also involves referring patients to the network of specialists for assessment and investigations, if need be. The safety of patients is of paramount importance for us.

The New Age Dental is registered as Day Procedure Centre and this allows the patients to get rebates (for fees for anaesthesia Services), from private health insurance. This is not possible, if the services are provided by mobile anaesthesia services at your clinic. This is a significant advantage for patient as it reduces out of pocket costs for them.

The New Age Dental has the world class Equipments with all the procedures and training of staff in place to deal with the emergencies, if need be.

The total cost of anaesthesia services are cheaper as compared to any major private hospitals.

The benefits for your patients having procedures at New Age Dental Day Procedure Centre under General Anaesthesia

The benefits for the dentists and surgeons operating at the New Age Dental Day Procedure Centre

The treatment of the patients in an environment similar to your clinic.

The operating surgeon and dentists get better acceptance of treatment plans under General Anaesthesia at our facility as patients look for their safety when they get general anaesthesia.

The availability of modern and highest quality dental equipments allow to conduct complex procedures safely. New Age Dental will provide the surgical equipments for the procedure. The practice is expected to send the specific equipments well before the scheduled procedure, to get them processed at New Age Dental.

The availability of regular ongoing lists is highly recommended to avoid the stress of finding anaesthetists, nurses, specific equipments at the last moment. We believe in meticulous planning which leads to better outcomes for patient and whole team involved.

New Age Dental is fully accredited for National Safety and Quality Health Standards (NSQHS) by Australian Commission on Safety and Quality in Health Care. This is a testimony of the highest standards followed at New Age Dental.

The Medical Advisory Committee (MAC) reassures that there is a strong and full proof credentialing process to make it a safe environment for patients and everyone involved.

We submit the data collected to be audited by Department of Health and Human Services on regular basis as per the requirements by DHHS.

Why not Visit Us

We are very proud of the centre we have created for use by the Dental Profession and would be delighted to take the time to meet you and show you around.
